

IT Project

Future

- Application Performance Management APM
- Enterprise Services Bus ESB
- Load Testing

Success

- Integration Servers/Hardware
- Administration
- Training Business Continuity
- Integration
- On-site Training
- Development
- Administration
- Technology Transfer
- Scope Application Development
- Definition
- Time

Test/Production

- Cluster High Availability
- 4CPU/32GB Database
- Connection Storage
- 4 CPU/32GB J2EE

Overview

- Environment
 - Development
 - QA/Test
 - Production
- Components
 - Application Servers J2EE
 - Database
 - Oracle
 - Microsoft
 - Storage
 - Disks
 - Management
- AFS
 - Agility
 - Flexibility
 - Scalability

Starting Point

- Stages
 - Development
 - QA
- J2EE Applications (2) Servers 4 CPU / 32GB
- Database
 - Enterprise (1) Server 4 CPU / 32GB
- Storage
 - 10TB
 - Storage Area Network
- Console
 - 2 CPU
 - Tape Library
 - Administration
